## December 2019

Deadline for **JANUARY** contributions:  
**10.00 am Thursday 12<sup>th</sup> December**

## Editorial

Welcome to our December edition with a lovely reminder of some of the many activities that took place during the Arts Festival. As ever in the run up to Christmas there are many social events advertised in this edition that you may want to make a note of.

It is lovely to see our school children making print images of Stogursey in times past. Well done to them all.

We are also reminded of some present day problems with global warming being a feature in the Stogursey Arts Trust piece.

It might be worth remembering to book a 'flu jab if you are in one of the vulnerable categories of our community.

For future reference, you may want to take part in an ancient ritual and come 'A-wassailing' in January. Details within.

Finally, the Quantock Musical Theatre Group invite you to an evening of Christmas entertainment that is sure to warm your heart.

We hope you have a pleasant and warm festive season and a Happy New Year!

## Stogirzels

Our fame has spread! Despite the very wintry weather, STOGIRZELS WI enjoyed an exotic entertaining evening this month.

In addition to our in-house Belly Dancing Instructor, we were joined by two visiting, more experienced performers who had battled the elements from as far as Burton and Bridgwater to join in the revelling and were only too pleased to demonstrate different movements.

Thankyou, ladies. We hope to see you at future meetings. We rounded off the evening with topical refreshments of Apple Tea and Turkish Delight.

The December meeting will be our Christmas meal, to be held at The Greyhound, and the New Year will begin with a Beetle Drive and Bring and Buy Sale on Wednesday January 8<sup>th</sup>.

Why not make it one of your New Year Resolutions to come and try something different?

## THE MACULAR SOCIETY SUPPORT GROUP, DULVERTON

Royce and I wish you all a very HAPPY CHRISTMAS!

There won't be a meeting in December, but we shall resume our meetings with renewed vigour in January 2020 with a talk and demonstration by Julie from Optima to get us safely through the dark evenings and dim winter days.

See you in the New Year! With all best wishes.

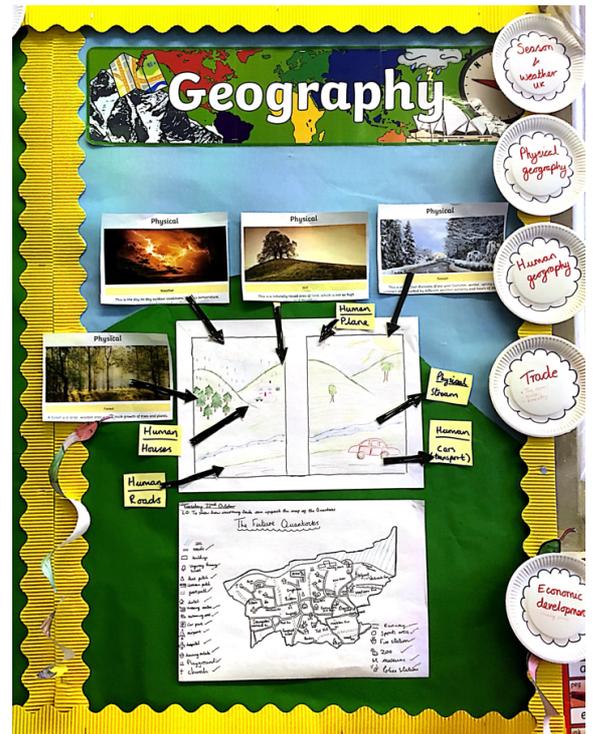

Marion and Royce

Thank you to Alfoxton class (children aged from 6 to 8) for this month's School page.

Alfoxton class have been doing some amazing work this Autumn. "We have been learning lots about the area where we live. In geography we have learned all about the Quantocks"

In art, we are making print images of Stogursey. We have been thinking about what Stogursey was like in the past:

"It was black and white!"

"School was not as fun as it is now, when we learn our times tables we have songs to help us learn them, but in the olden days they would have just said the numbers over and over."

"In the olden days the postboxes were high up so you didn't have to get off your horse to post your letters"

The children have been making pictures of how Stogursey looks now, using stamps and ink.

And they are imagining what it might look like in the future. There will be some fantastic transport like buses that fly and super fast carriages that can go under water.

In English we have been learning about the Manchester Ridgeback who is a dragon. He is the size of a fully grown house cat, is green with a tinge of yellow and has a ridgy tail. But most surprisingly this dragon can play chess.

We have all been thinking about friendship and look at the friends we have made!

We have thought about what we want in a good friend- like being kind, courageous, helpful, taking turns and being loving.

Then there are some more unusual qualities in a good friend, like being good at telling jokes!

## ‘SHINE FEST’ LAUNCH: THURSDAY 5th DECEMBER

It has been so lovely to see the high-quality creative work being produced with Alice Maddicott, from Halsway Manor. She has been working with the community on this inspiring project (funded by EDF) and it culminates in the unveiling of the community archive in our school on Thursday 5th December at 3.45pm.

Representatives from EDF will be there as well as members of the community. We will have refreshments and it will be a chance to see the work the children have produced being professionally displayed. This will launch the start of a two-day end of topic celebration called the ‘Shine Fest’ in which children can let their lights shine through the Arts. We hope to see you there!

## Stogursey Arts Trust

**“I do not think making art alone makes it any better than making it with a team of people”**

*Olafur Eliasson*

Olafur Eliasson's exhibition, 'In Real Life' concludes at Tate Modern on the 5<sup>th</sup> of January.

Eliasson is an artist who engages in issues related to climate change. His works are often on such a large scale he has to work in teams to bring them to the attention of his audiences. He recently gathered floating icebergs, pieces of glacial masses that had broken off into the ocean and brought them into cities across the world, still frozen, to enable people to experience the scale and the end of history for these beautiful serene masses of frozen water, formed thousands of years ago.

People who gathered to see the iceberg fragments were able to walk amongst the frozen boulders of ice, interact with them, touch them, feel the coldness, the smoothness of the melting ice and surprisingly listen to the cracking and popping of trapped gas, finally released after thousands of years of being encased in the ice.

The experience, enabled by the artist and his team, was profound: a reminder of the beauty of nature, its transience, and its fragility in the custody of human kind. The 'art' is not the result of creating an image or object that can be placed in a gallery and viewed over centuries to come, it is an immediate experience, designed to make people think, hopefully react and take action. Responsible action. Even if only to engage in conversation and open discussion on what human kind is doing to our beautiful planet.

It will soon be Christmas and we are seeing the seasonal changes. Is it any colder, windier, wetter than previous years? As we celebrate through the festive season and engage in conversation with our family and friends, do take a moment to discuss Eliasson's artistic practice. It's a simple message: our glaciers are rapidly disappearing and this will have significant impact on our planet, our home, our lives.

Winter scenes and images of snowmen on your Christmas cards could have a much deeper meaning in times ahead!

The Arts Trust Team look forward to seeing Christmas 'Light Up Stogursey' over the coming weeks. If you want to join in a collective, silent response to climate change, turn your Christmas lights off between 5 and 6pm on Christmas Day and Boxing Day. Have a very happy festive season.

If you would like to see more memories from this year's Arts Festival, look on the website [www.stogurseyartsfestival.co.uk](http://www.stogurseyartsfestival.co.uk) or Stogursey Arts Festival Facebook.

### **Cranes**

*by Jan Ford*

Still harbingers of good fortune  
In parts of China, I believe.  
Those wetland birds once native to our shores.  
To Somerset levels now returned.  
A successful project by all accounts!  
Their location secret to deter human predators.

Near to home, cranes openly abound  
In ever increasing numbers,  
Their elegant demeanour of the mechanical kind.  
Beautiful in sunlight,  
Shining white against darkening skies.  
Though oft times obscured by channel mist,  
Sticking up unseen fingers to the world!

But now, a cuckoo in the nest!  
Much larger and of yellow hue.  
Big Carl – 'world's biggest' is his boast.  
Lifting up to 5,000 tons in one fell swoop.  
Bright red night lights towering,  
Augmenting Hinkley's 'Son et Lumière'.

From Stogursey Lane a canvas of constantly changing  
artistry.  
From first floor windows a less expansive view.  
Better perhaps when autumn leaves have gone.  
Ugly farm containers also hog the scene.  
Will these, in time, give way to houses new?

The Dispensary needs to close its window between 11.30am – 3.00pm.

**ACTIVITIES** if you would like to become more social, meet new people, learn a new skill or have a chat and a laugh, come along to our groups:

**The Singing Group** - gets together on a Wednesday 10 am at the Old Bakery, 9 St Marys Street Nether Stowey (next to the shop); sings songs, does vocal and breathing exercises, sometimes joins other groups for a sing-along and has a cup of tea and chat. All abilities welcome.

**The Walking Group** - meets on a Tuesday morning at 10.30am at the surgery for a 1.5 hour walk, which are different every week. This is a great way to start walking with others for company, and learn different routes. Pick up a leaflet at the Surgery for the planned routes each month.

**The Art Group** - meets on the 1<sup>st</sup> and 3<sup>rd</sup> Tuesday of the month at the Nether Stowey Church Centre from 2.00pm – 4.00pm (contribution request £4 for room hire and equipment if needed). Bring along current projects or learn new skills. All abilities welcomed to this friendly group.

**The Gardening/ Community Allotment Group** - a very informal group, a chance for those who might like to garden with someone else for company, or have a patch to grow and share produce. Contact the Practice to be put in touch with the group.

**The Patient Participation Group** meets 4 times a year at the Library to discuss any issues related to the Health Service in general and to discuss how the Practice can support and improve its services for patients. This is an open meeting so anyone can come along for discussion and debate. A list of dates will be displayed at the Practice and the library.

**Christmas afternoon tea and cakes/ mince pies** - Tuesday 3<sup>rd</sup> December from 2.00pm at the Nether Stowey Church Centre. Please come and join us and find out more about these different activity groups. We are planning to sing a few Christmas songs, and view some of the amazing art the art group has produced over the year.

## Somerset County Council confirms the detailed emergency planning zone for Hinkley Point remains unchanged

On 22<sup>nd</sup> May 2019 changes to the existing Radiation (Emergency Preparedness and Public Information) Regulations (REPPiR) 2001 came into effect, including the transition of responsibility for determining a Detailed Emergency Planning Zone (DEPZ) from the Office for Nuclear Regulation to Upper Tier Local Authorities – as required by REPPiR 2019.

In accordance with the regulations and Approved Code of Practice, Somerset County Council (SCC) was required to complete a review of the DEPZ for Hinkley Point.

Taking account of local views and representations made during the recent local public engagement exercise in

Stogursey, the authority has taken the decision to **maintain all existing arrangements for communities within 3.5km of the site**, including:

- stable iodine pre-distribution;
- provision of a public information calendar; and
- maintenance of a telephone warning system.

We would like to thank those who expressed their views and helped inform the future planning arrangements. If you would like to discuss this decision further please contact either Russell Davies or Jacob Forgham at the Civil Contingencies Unit (0300 123 2224) or for more information visit [www.somerset.gov.uk/reppir](http://www.somerset.gov.uk/reppir)

Many thanks for your engagement and support with this.

*Russell Davies, Deputy Civil Contingencies Manager  
Somerset Local Authorities' Civil Contingencies Unit*

## Do something amazing this year

For many, the start of a new year brings an opportunity for reflection, fresh starts and change - but could you change a child's story this year?

For over 500 children in Somerset, spending time at home isn't possible right now, which is why we urgently need more foster carers to offer safe, loving homes to our children in care. Foster carers can make a real difference to children's lives. They help them through tough times and give them the support they need to achieve their full potential.

Fostering is not a one size fits all. There are a variety of different avenues within fostering to match the vast and sometimes complex needs of the children in our care, and the lifestyles of our carers; from the dedication of

long-term fostering over a period of years, to the flexibility of respite providing care just one weekend a month. In return our carers receive ongoing support and training, a dedicated social worker and a weekly fee and allowance (amounts vary – please speak to our team or visit the website for details).

If you're aged 21 or over and have a spare room, along with the time and patience to support a Somerset child in care, visit [fosteringinsomerset.org.uk](http://fosteringinsomerset.org.uk) or call our team on 0800 587 9900 to find out how you could help change a child's story. There is no upper age limit, and things like your gender, sexual preference or marital status are not important – you just need the right qualities and mindset. Alternatively, come along to our next information evening and find out more about fostering over a coffee and cake. Costa Coffee, 8 Townsend Shopping Park, Shepton Mallet on **Tuesday 14<sup>th</sup> January 2020 from 7-9pm.**

## Notes from your Village Agent

I have compiled some ideas below to get you thinking about ways to keep us all safe, healthy and entertained during this coming month.

### Plenty to do in December

**Get out and about** The darkness and bad weather can be quite isolating and it is easy to stay in and then realise you haven't seen anyone in an age. We have a listing of the local Christmas events on our website <https://somersetagents.org/somersetchristmasevents/> or call us on 01823 331 222. Perhaps you could take a neighbour with you?

**Get out into the light** Take a lunch time walk and expose some skin to soak up some daylight. This helps regulate your sleep patterns so you feel less tired in the winter. The NHS suggest that the levels of sunlight at this time of year are too low for us to produce enough vitamin D. <https://www.nhs.uk/live-well/healthy-body/how-to-get-vitamin-d-from-sunlight/>

**Free Flu Vaccination** Check with your GP to see if you are eligible for a free flu vaccine or buy one from your pharmacy. <https://www.nhs.uk/conditions/vaccinations/who-should-have-flu-vaccine/>

**Watch out for Scams** This is the time that fraudsters increase their campaigns. With stress and rushed purchasing, people are less likely to spot a con. <https://www.which.co.uk/news/2018/12/12-scams-of-christmas-what-you-need-to-watch-out-for/> Watch out for cheap counterfeit goods which could be potentially dangerous and counterfeit websites which do not have the HTTP// or the lock symbol. Sometimes it is placed on the website and not on the address to catch you out. Some websites are dressed up to look like a big brand so watch out for small differences - .com instead of .co.uk perhaps. Fake

holiday offers are also rife, as are phone calls about your phone or internet being cut off. Phishing is also increased as people are less likely to notice they have opened an incorrect email. Never buy goods from your work computer as you could unwittingly expose your client's personal data to phishers or unsecured web pages and never use public wifi to shop.

**The Family Invasion** Preparing well for the extended family visit can lower the chances of stress. Pre-plan with the family so everyone knows what to expect. Perhaps reduce present buying by having a "Secret Santa" scheme so everyone gets one present rather than one each from everyone. Sharing the cooking load by getting family to bring dishes can help as can getting them to bring their own duvets. Put away any fragile objects or special toys so younger children don't cause upset and have house rules such as out of bounds teenage rooms to reduce friction. Don't forget to remove any sharp equipment, climbing temptations (including chords on blinds), dangerous liquids and medication from sight and height so you don't spend Christmas Eve at A&E.

**Don't be Alone** If you are on your own at Christmas, why not join a volunteer group such as the Salvation Army, Crisis, Shelter and Do it. Some charities require training and so may expect more commitment than help only on Christmas day. Within Stogursey Parish there may be a project which needs some help. Perhaps you may have space to entertain a guest who may be on their own at Christmas. If you are alone and unable to volunteer, ask us if there is a Christmas Lunch in your local area that you can attend.

If you are travelling at Christmas, do use the AA driving in winter guide.

Izzy Sylvester

## COME A-WASSAILING WITH US!

Wassailing is an ancient tradition that has roots dating back to the 8th century. The word wassail is derived from the Anglo-Saxon 'wes hal' meaning 'be whole', or as we would say today, 'good health'.

Bring something to make a noise with to help ward evil spirits from Shurton Mill Orchard – at the kind invitation of Cy and Mary Bartlett - and let's help attract benevolent insects and birds to the trees in the hope of a good apple harvest next Autumn. There will be hot soup and mulled cider (in exchange for a £ donation!)

On **Saturday 11<sup>th</sup> January** we'll gather at **The Babbling Brook, Shurton** and walk together to the orchard, departing the pub at 2.00pm. Be prepared for a muddy walk and dress warmly ready to join in the merry making!

**Surviving Winter**  As we head into winter, many of us face an expensive –

but essential - bill for heating our homes, while many of our neighbours face a stark decision between eating and heating: a shocking one in eight households in Somerset live in fuel poverty. Thanks to the bright idea of one generous pensioner, hundreds of older people in Somerset are being supported to stay warm, safe and well every winter through Somerset Community Foundation's Surviving Winter campaign.

The campaign encourages people who don't need their Winter Fuel Payment to donate some or all of it to help local older people who are unable to afford to heat their homes.

Last year, over 500 elderly people living in Somerset were helped through the cold winter months, thanks to generous local donors who donated over £100,000 to Surviving Winter.

Somerset Community Foundation (SCF) are also taking part in **The Big Give**, and **online** donations to the campaign that are made during the **week-long Big Give Christmas Challenge** - midday Tuesday 3 December to midday Tuesday 10 December - will be doubled! So, not only will **your donation be worth twice as much**, but even more older and isolated people across the county will feel warmer and better connected this winter.

## Points from the Parish Council Meeting – 13 November 2019

### Somerset West & Taunton Planning Process

The chair received clarification about the process for deciding planning applications from Sarah Wilsher (Case Manager (Planning)) at SWaT.

*The process is the same as that followed by the former Taunton Deane LPA, in that if a contrary view is received from the Parish Council or a representative/neighbour to the officer's recommendation, then the application will go to the Chair of Planning Committee and he will decide whether the application is determined by the Planning Committee or by delegated powers of the officer.*

*If the Parish Council and four representatives/neighbours give a contrary view to the officer's recommendation then it automatically is determined by the Planning Committee.*

*If it is a major scheme which will have widespread impact, then it is likely to be determined by the Planning Committee.*

### Parish Council Public Forum Guidelines

Parishioners are reminded of the routine for the public forum which precedes the Parish Council meeting (more detailed guidelines can be found on the parish website Stogursey-online)

- The total time allocated for the public forum is 15 minutes,
- Individuals can speak for up to 3-5 minutes,
- The Council will only consider items on the agenda at the meeting to which the agenda relates, but the public forum may be used to make the Council aware of other matters.
- An issue or question raised does not necessarily require a response at that time and there should be no debate or discussion between the Council and the public. The Chairman has the right to say that any question or statement is inappropriate and will not be accepted.

### Parish Councillor Contact details

Parishioners are also reminded that Parish Councillors are approachable and if any resident has any questions or issues they wish to raise and are unable to attend the monthly Parish Council meeting, they are able to telephone or email councillors whose contact details are in the Stogursey News and on the parish website Stogursey-online.

### VE DAY 75<sup>th</sup> Anniversary – Friday 8 May 2020

It is proposed to hold an event in the parish to commemorate the 75<sup>th</sup> Anniversary of VE Day on Friday 8 May 2020. Further details will be available in the New Year.

### THE NEXT PARISH COUNCIL MEETING WILL BE ON WEDNESDAY 11 DECEMBER 2019 IN THE YOUTH CLUB

The agenda will be displayed on parish notice boards and online 3 days before the meeting. I look forward to hearing from you on any issues you wish to discuss. My phone number is 01278 653824 or you can e-mail me at [stogurseyccclerk@gmail.com](mailto:stogurseyccclerk@gmail.com)

*Gillian Orchard, Clerk to the Parish Council*

### Riparian Owners responsibilities

Parishioners who are riparian owners are reminded of their responsibilities. If you are a riparian owner, your responsibilities include the maintenance of the bank and bed of your section of watercourse, in order to avoid any obstruction of flow in the watercourse. Under common law you are the riparian owner of any watercourse within or adjacent to the boundaries of your property. Where a watercourse is sited between two or more property boundaries each owner may be equally responsible. Further details can be found on the Somerset County council website <https://www.gov.uk/guidance/owning-a-watercourse>. The following link provides information on reporting noxious weeds to Somerset County council. <https://www.somerset.gov.uk/waste-planning-and-land/report-noxious-weeds/>

### Quantock Musical Theatre Company

warmly invites you to join us for an evening of seasonal songs.

From traditional and familiar Christmas songs and carols to some less familiar songs with a wintry flavour, guaranteed to put you in the mood for the festive season.

We use our performances to raise money for local village halls and for our chosen charity the Marion Evered Trust which supports the children's ward at Musgrove Hospital.

**14 December at 7:30pm,  
Stogursey Primary School  
Tickets £6.50**

### **Hinkley Point C update:**

As we draw to the end of another year, I'd like to reflect on all that has been achieved over the past 12 months at Hinkley Point C.

Younger generations are feeling the benefits of having the largest construction site in Europe on their doorstep. Our Young HPC team are supporting over 1,000 16-21 year olds, educating and inspiring them as they kick off their careers. Plus, we're over halfway to achieving our ambitious target to create 1,000 apprenticeships on the project.

The HPC Job Service continues to engage local communities, ensuring that residents know about the array of opportunities that the project brings. 43% of the workforce are Somerset residents with many securing jobs via the HPC Job Service team.

This year we hit our biggest milestone to date, on schedule! Known as J0, it involved a continuous 79-hour concrete pour, which broke previous UK records for the longest continuous pour. It even beat the Shard in London. This milestone signalled the completion of the base of the first reactor and the construction of the nuclear buildings above ground began in earnest.

Tunnelling for our cooling tunnels under the Bristol Channel also commenced following safe delivery of the Tunnel Boring Machine. The Shurton Substation platform was handed over to National Grid to begin works. 308 wave return units were installed to form the Sea Wall on the foreshore. Plus, the Jetty is now fully operational, with each shipment of aggregates containing the equivalent of 300 lorry loads.

With local residents and Somerset County Council, we celebrated the opening of the Castles & Coast Way. This new walking trail passes by Stogursey Castle and was developed in response to requests from residents, using HPC funding. On site our ecology team have been working hard, planting 4,000 trees and 37,000 shrubs this year.

Finally, I would like to thank you for your continued support, whether that be welcoming newcomers to the village, or your patience whilst large loads roll past.

From all at Hinkley Point C, we wish you a Merry Christmas and a Happy New Year.

# Hinkley Point C look ahead

December 2019

We carefully manage our works at Hinkley Point C, ensuring our construction activity has minimal impact on our neighbours. However, you may still see and hear some aspects of the work. This is a summary of some of our current works:

Location		Description of works
1	Sea Wall	Sea Wall construction is now complete with 308 wave return units installed. Pedestrian ramps have been installed so that at the back end of construction, and when it is safe to do so, the area behind the sea wall will be open for members of the public to walk along.
2	Cooling water pipes (land side)	The inlet water pipe system is now complete. Works are continuing on the outlet pipes with planned completion in 2020.
3	Bunker 1	Construction of Bunker 1 will continue in December. Like the other bunkers on site, it will be used to prefabricate key components in weatherproof conditions. Once the components are complete they will be lifted into place using our large crane, Big Carl.
4	Pump House	Work continues to construct the foundation for the Pump House on Unit 2.
5	Corallina Works	Works to protect the corallina on the foreshore are continuing.
	500 Apprenticeships	At the start of construction we set out an ambitious target to create 1,000 apprenticeships over the course of the project. Last month we hit a major milestone, with over 500 apprentices now working on the project.
	Pluggedin	Read the latest copy of Pluggedin, our Community Magazine, <a href="#">here</a> .
Off Site	Combwich Wharf	The Enabling phase of works is continuing at Combwich Wharf. We would like to thank local residents for your patience whilst we took delivery of main fuel tanks, at the end of October. Find out more information on the delivery <a href="#">here</a> .
