

OCTOBER 2020

LITTLE ACORNS STOGURSEY PRESCHOOL

AUTUMN IS HERE....

We cannot believe we are already in **October**, it has not been the best of weather, but it will not deter us from going outside! Outside is a great learning environment no matter the weather and what better than fresh air and the wind on our faces and very muddy boots!

A gentle reminder about Tapestry.... If you have forgotten your passcode please ask me or Lianne for your details. We are trying to post at least one observation and photo a week however often it is more – we would love to receive comments from you as it gives us an opportunity to chat as we do not always get the time during pick up and drop off and restrictions due to COVID.

If you can work Facebook, you can work Tapestry – it is a great way to connect!!

If your child or anyone in your home develops a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must stay at home and we ask that you notify the schools office immediately.

Thank you.

All about ME!!

In our last newsletter we talked about photos of your family and pets and anyone that is important to your child. If you have not done so already we would love these photos so we can add them to your child's journal it will give them an opportunity to put a face to a name when they talk about their home and family – it is a fantastic discussion during our circle time with ALL the children, it is beautiful to observe them telling their friends who is who, it makes them feel special!

Positive Relationships
Key Person

What is a Key Person?

Who is my child's Key Person?

The **key person** is a named **person** who has responsibility in a setting for working with you and meeting your child's individual needs. Each child must be assigned a key person. Their role is to help ensure that every child's care is tailored to meet their individual needs to help the child become familiar with the setting, offer a settled relationship for the child and build a relationship with their parents. Your child's key person will normally record the observations on tapestry, we will also display the details of your child's keyperson in the cloakroom displayed on the Acorn tree. **Please ask either Lianne or myself if you are unsure who your child's key person is.**

Do you have a fish tank that you no longer need
(with or without fish)

We are slowly making changes to our beautiful room and
it is looking good. Our quiet corner is welcoming and
calming, and we would like to add the tranquility of fish.

We do not need a huge tank just a reasonable size tank
which can be placed safely on the shelf which is safe and in
working order. If you do, please let us know – we would be
grateful for the donation.
